24

SPECIAL PROJECTS

Address critical, urgent needs

591 PEOPLE

We build pro bono teams of business experts, government leaders, and our own staff. Together, we figure out workable and enduring ways to make our city more livable, affordable, and globally competitive.

Our clients include **Chicago Mayor Rahm Emanuel, Cook County President Toni Preckwinkle**, and other government executives committed to leading tremendous reforms.

We stage a series of projects to create a sequence of results that, over time, addresses complex issues and opportunities.

61 PRO BONO PARTNERS

Together, our partners and clients achieve a greater impact than any organization could on its own:

Goal: 50 million tourists by 2020

Chicago merged tourism entities and created a plan to increase annual visitor spending by \$4 billion and to create 35,000 new jobs.

32% increase in City Colleges graduation

Working with five pro bono partners, City Colleges of Chicago's graduation rate increased 32% over last year.

185,000 summer activities

The Mayor and County President created One Summer Chicago to make it easier for youth to find jobs and activities, as part of a broader anti-violence plan.

Two governments, one year, \$33.4 million saved

The City and County worked together to run more efficiently with help from 14 local partners.

Chicago wins 2012 sustainable community award

Chicago won the 2012 Siemens Sustainable Community Award in recognition of its multi-stakeholder approach to implementing the Chicago Climate Action Plan.

City and County merge three workforce boards

Chicago and Cook County consolidated three boards into a single Chicagoland Workforce Board, saving \$2.2 million and creating better services for job seekers and employers.
